Texas Legislative Council reports prior to 2008 generally do not include results for third-party, independent, or write-in candidates. Beginning in 2008, results for all third-party and independent candidates are included, and the results for write-in candidates are summed and included as "write-in". Complete official results for all years are maintained by the office of the secretary of state.

Texas Legislative Council reports prior to 2008 generally do not include results for third-party, independent, or write-in candidates. Beginning in 2008, results for all third-party and independent candidates are included, and the results for write-in candidates are summed and included as "write-in". Complete official results for all years are maintained by the office of the secretary of state.

Texas Legislative Council reports prior to 2008 generally do not include results for third-party, independent, or write-in candidates. Beginning in 2008, results for all third-party and independent candidates are included, and the results for write-in candidates are summed and included as "write-in". Complete official results for all years are maintained by the office of the secretary of state.

Texas Legislative Council reports prior to 2008 generally do not include results for third-party, independent, or write-in candidates. Beginning in 2008, results for all third-party and independent candidates are included, and the results for write-in candidates are summed and included as "write-in". Complete official results for all years are maintained by the office of the secretary of state.
